EXPERIENCE

CHEIF EXECUTIVE OFFICER

Techbiz Xccelerator PTE Ltd, July 2013 - Present

We are in the business of turning inventions into profits. Our technology accelerator lab translates prototypes into deployable APIs and applications for business use. We act as the intermediary between researchers and the industry players. We are happy to speak with industry players on their technology needs and inventors about how to take their inventions to market.

DIRECTOR ICT, NTUitive

Nanyang Technological University, May 2013 – Present

Oversees all technology development, research commercialization and industry collaboration activities in the ICT, IDM and New Media domains. Some of our notable industry collaborations included AIA, Intel, Lushang Group, Citibank and Tencent.

DIRECTOR B&O, IMI

Nanyang Technological University, March 2014 – Present

Accelerate technology adoption of promising research coming out from the IMI group of research centres. You can view the technologies available at <http://www.imi-assetstore.com>

DEPUTY CHEIF EXECUTIVE

Intellectual Property Office of Singapore, May 2007 – April 2013

Responsible for designing and implementing the IP infrastructure master plan to ensure a conducive environment to sustain IP growth in Singapore. These include public awareness and education initiatives, capability and capacity development of IP professionals and the buildup of IP management capabilities in both the private and public sectors.
